# News from Mrs. Padilla

Dear Families,  
Our class was visited by Dr. Marcotte on Monday. He is a psychology post-doctoral fellow at Fountain of Life, LLC. His lesson was about being charitable, but not in a monetary way. He focused on how we can be charitable to each other by using kind words. Each student had to say something kind about another student in the class.

They each did such a great job coming up with compliments for everyone! They truly are kind!!!
